

Assignment-1

Page No.	
Date	

① Define a problem statement and give a brief Executive summary snapshot.

A) Executive summary.

B) project Description.

C) project scope.

A) Executive summary:-

if a person has 5 acres of land, and 2 acres of land is free, what can he do to increase income if he does not grow anything.

B) project Description.

if the 2 acre field is free, when we will make a ghatale in the middle 1 acres and put fish in it and build a chicken house on it whatever dirt the chickens make will fall into that house, then the fish, ~~and we will get~~ will also eat we will feed them, we will get money by selling fish and we will sell chicken eggs, and we can sell cow milk, and we can also sell buffaloes milk, and can

grow grain in 2 acres.

c) project Scope.

Doing this will increase his income. Even the vacant space can be used. And he will have one business of selling fish and selling chicken eggs. And so will the grain.
